Dogs must be kept on leash, crated or safely confined in the vehicle at all times (unless on a search that is approved to be leash optional).

Collars Any collar is allowed on the grounds except electronic or scent spraying collars. Only a flat, or martingale collar or leashes attached to a dead ring or harness are permitted to be used during a search.

No tags on collars while searching. All dogs must be leashed at all time, except during an off-leash search. Flexi-leads acceptable on trial grounds **unless** you are found to not be paying attention to spatial needs of other dog teams. You must remain vigilant so all teams may have a pleasant experience.

RV parking and overnight camping will be available there as well. **THERE ARE NO HOOKUPS FOR WASTE OR ELECTRICITY. They are letting us use their land, so please keep it clean and pack out everything you bring in.** Please watch for cone or signs indicating an area is off limits for parking.

Volunteers will help our Trial run smoothly. We have the most talented ladies Jan Roberts and Shirley Merkley teaming up to Volunteer Coordinate. please email jroberts@mtaonline.net to help out. At the trial we will need traffic, gate stewards, timers, and score runners. Are you willing to take pics or videos for competing teams? Do you want to help with hospitality? Lots of fun to help and play!!!!

Facility, Bathrooms and Water Climate controlled, water and bathrooms available on site.

Accessibility Handicap accessible parking will be available in front of the venue. Please let us know if you will need that so we can reserve enough spaces. Some searches will be outside on pavement, gravel or uneven ground. Greatland Welding has lots of large flat areas good for potty and walking. As always, please pick up after your dog.

Dogs In Need of Space (DINOS) are welcome. Parking for handlers with Dogs in need of space (reactive or in heat) will be marked and volunteers can help guide you there. Walk dogs at a distance at 10Ft. Volunteers will be onsite to help escort participants to and from the search area. All persons should be sensitive and respectful to all dog's spatial needs. A red bandana is preferred for dogs in need of extra space.

Handler running multiple dogs A handler can run multiple dogs in TOTs at any trial. At this trial, a handler may participate in only one qualifying search per class. One dog per class. I.E. One dog could run in novice level and another could run in advanced or excellent, if they qualify at those levels.

Who can compete? Any and all dogs that are 10 months or older, on the day of the trial or the Target Odor Test (TOT), are eligible to compete. Dogs with disabilities are welcome. Please review the rules for proper steps to enter dogs with disabilities.

What if I don't pass the TOT? You can still play!! Dogs must pass a Target Odor Test (TOT) in order to compete in the Standard Division, however if you do not pass you are still allowed to enter the trial as FEO (For Exhibition Only) for the day.

My dog has a title from a different scent detection organization (i.e. Nose Work), do I have to pass a TOT? If you already have passed an odor test in another scent work organization you do not have to take the TOT Please include a copy of your test results when entering the trial.

Do I have to compete in every class element at every trial? Dogs do not have to compete in all five class elements to participate in the trial.

If I successfully title in one element, must I stay in that class level until all 5 classes are finished at that level? When successfully completing one class element title, you may move up to the next class level. You are not required to complete all class elements first. For example, you finish title requirements in Buildings but not in Exterior. You may move up to Advanced Buildings while continuing to compete in Novice Exterior.

Can I watch other competitors? Yes, you can watch, either after you run or you can watch a different level compete.

Can my friend videotape my searches? Yes! And you may post them anywhere you like once the judge calls "All Clear."

Awards: Rosette placement ribbons will be awarded for 1st-3rd place in Novice, Advanced and Excellent classes. Ribbons will be awarded for Q's in all classes to those that qualify. High in Novice, High in Advanced and High in Excellent will be awarded to the highest scoring and fastest dog in those levels. QUINT Q ribbons will be awarded for teams qualifying in all 5 search elements. Metallic placement ribbons will be awarded for dogs competing in metallic divisions.
